Mechanism Options

Premier Breeze

The Premier Breeze mechanism enables independent movement of the backrest and footrest to find your perfect position. Furthermore, with its tilt in space feature it enables you to tilt the chair while seated or reclined, helping you raise your feet above your hips to relieve stress on your body.

***Exclusive to Sitting Pretty**

Premier Rise and Recline

This mechanism has four motors. These motors work independently within the headrest, backrest, leg rest and adjustable lumbar with an additional 2" footrest extension.

***Exclusive to Sitting Pretty**

Single Motor Deluxe

Single motor back and leg movement for a seamless one touch recline.

Triple Motor

The three motors offer a smooth, silent recline with the same unique features as the single deluxe with additional motors for an independent headrest and lumbar movement. The tilt motion elevates your feet above your hips offering you optimum comfort.

Deluxe

Two motors for independent back and leg movement. Allowing you to raise your feet whilst remaining in an upright position.

Zero Wall

The Zero Wall mechanism is ideal for smaller rooms. Unlike the other mechanisms, the reclining position comes from the chair moving forward on its internal track, offering a space saving alternative. This mechanism allows the chair to be situated just 5 inches from the wall.

***Made to order**

Manual

Our Manual recliners are simple and easy to operate. A gentle pull on the clip releases the footplate to elevate your feet into a comfortable position. You can gently push back on the arms of the chair to further recline the back rest to a near horizontal position.

***Made to order**

Made to Order - Pick Your Style

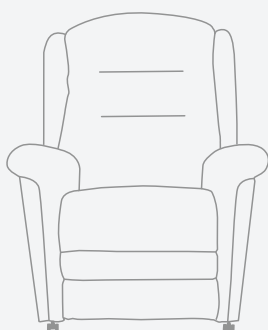

Our best selling Dorchester chair is exclusive to Sitting Pretty. Featuring scrolled arms, a waterfall or lateral back and elegant wings, giving it a classic yet stylish finish.

DORCHESTER

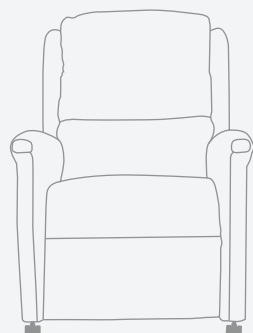

The Balmoral chair with it's cascade back comprises a contemporary design, whilst still offering superior comfort! It features are uniquely compact to add a clean and modern finish to a classic piece.

BALMORAL

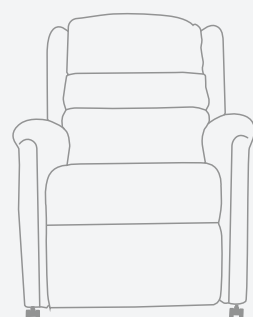

The Buxton chair with it's letterbox back comprises a contemporary design, whilst still offering superior comfort, It features uniquely designed arms that add a clean and modern finish to the classic piece.

BUXTON

Featuring elegant wooden knuckles and a Horizon back, the Hereford chair is our most nostalgic and sophisticated style.

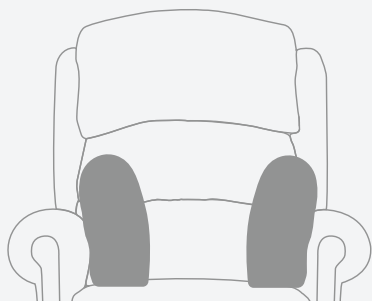

HEREFORD

Designed with the subtle and elegant scroll arm, the Monmouth has a classic roll fold arm that delivers superior comfort whilst as being aesthetically pleasing. The slender arms are perfect for when space is at a premium and you require a smaller recliner chair.

MONMOUTH

Made to Order - Pick Your Back

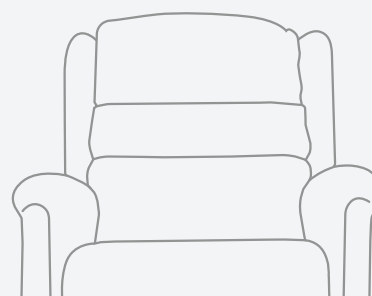

Our Lateral cushion back provides extra side support, promoting comfort and stability by gently cradling the back, ideal for those needing additional postural assistance.

LATERAL

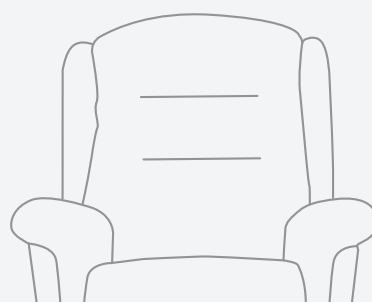

The Waterfall back is designed with a gently sloping, layered cushion style that follows the natural curve of the spine, enhancing lumbar support and relieving pressure on the lower back for all-day comfort.

WATERFALL

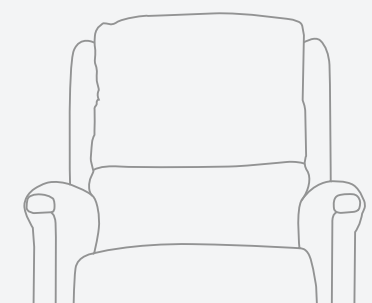

The Cascade back features a tiered cushioning design that flows smoothly down the backrest, providing targeted support across the shoulders, lumbar region, and lower back for an ergonomic and comfortable seating experience.

CASCADE

The Letterbox back features a horizontal cushion for a sleek look and targeted back support.

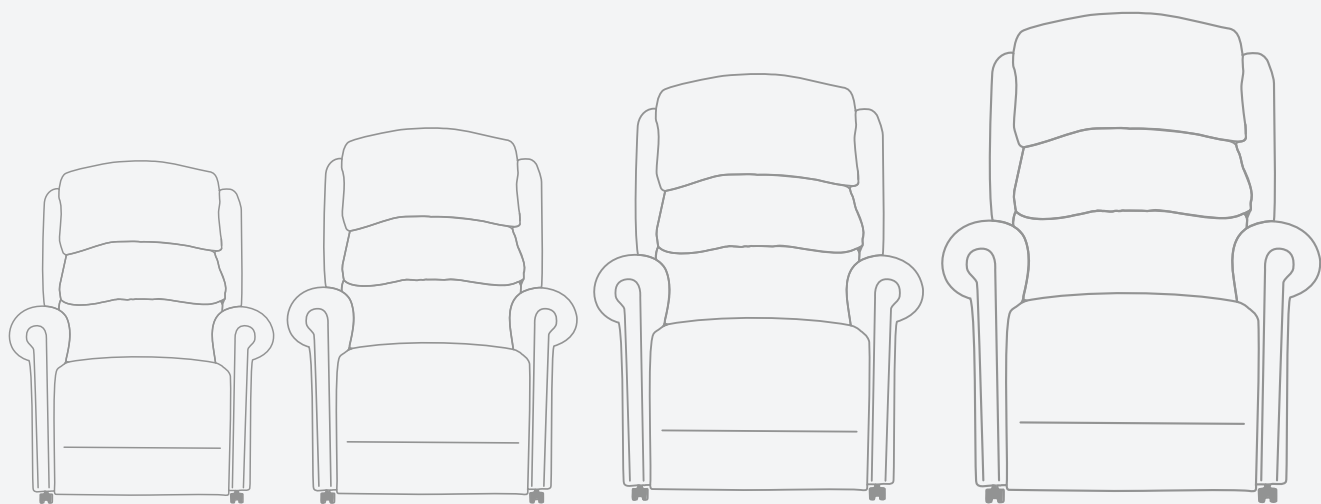

LETTERBOX

The Horizon back offers a wide, low-profile design that provides balanced support and a modern, open feel.
